CAREER OBJECTIVE

AI & Data Science undergraduate with hands-on experience in Python development, Machine Learning, Computer Vision, and AI-powered applications. Experienced in building intelligent chatbots, automation workflows, and image-processing systems using Python, TensorFlow, MediaPipe, and modern development tools. Strong foundation in Data Structures, Object-Oriented Programming, and Database Management Systems. Seeking internship opportunities in AI/ML, Data Analytics, and Python Development.

EDUCATION

- Sri Venkateswara College of Engineering** Expected Graduation: 2027
Bachelor of Technology (B.Tech) Artificial intelligence and Data science
CGPA:8.3/10

TECHNICAL SKILLS

- Programming Languages : Python, C, SQL, JavaScript
- Web Technologies : HTML5, CSS3
- Libraries & Frameworks : NumPy, Pandas, TensorFlow, MideaPipe, Flask, FastAPI
- Databases : MySQL, SQLite
- Core Concepts : OOP, Data Structures, Machine Learning, NLP, Computer Vision
- Tools : n8n, Git, GitHub, Postman, Unity

EXPERIENCE

- Perpetuuti Technosoft** 27/12/2024 - 27/01/2025
Assistant Developer Intern
 - Worked on a real-time hand and face recognition modules using Python and MediaPipe.
 - Applied basic computer vision concepts for facial detection.
 - Gained hands-on experience in image and video processing techniques.

KEY PROJECTS

- AI-Powered Real Estate Chatbot**
 - Technologies** : Python, NLP, SQLite, FastAPI, Flask
 - Developed an intelligent chatbot using Python and NLP techniques for property search and rental assistance.
 - Implemented intent recognition and automated response generation.
 - Integrated SQLite database and n8n workflows for real-time data retrieval.
 - Designed scalable backend architecture for handling user queries efficiently.
- Sign Language to Speech Extension**
 - Technologies**: Python, TensorFlow, MediaPipe, LSTM, GRU, JavaScript
 - Built a Chrome Extension that converts sign language gestures into speech.
 - Utilized MediaPipe and TensorFlow for gesture recognition.
 - Implemented LSTM and GRU deep learning models for sequence prediction.
 - Integrated Web Audio API for real-time speech generation.

CERTIFICATIONS & ACHIEVEMENTS

- HDCA - CSC Computer Education
- C & C++ Programming - Bharathidasan University
- Advanced Professional Hindi Certification - Dakshina Bharat Hindi Prachar Sabha
